Renewals of TV Licenses 2016/17 License Year kicks off in earnest

Spring has officially arrived in Namibia. It is the time we enjoy life without having to worry about wearing heavy jackets. It is time we enjoy our usual sunshine. It is also that time of the year that we remind every Namibian citizen who owns a TV set to renew the TV License for each TV set in our possession.

We do this because we are a law abiding nation of this great country and also do all we can to contribute to our country's development.

The nbc Board, nbc Management and the corporation's employees in a concerted Harambee spirit join one another to request every television set owner in the country to have every Television set in the country registered officially with the nbc TV License Department.

Officially launching the TV License renewal period, Head of the Television License Department Michaela Jaeger said while the

nbc has a mandate to inform, educate and entertain, every citizen who owns a TV set is obliged to pay for the TV License. Jaeger added: "This is one of the ways through which the citizenry will enable the nbc to legitimately put up better programmes that its audience demands. So please renew the license of the TV set in your possession and be a proud Namibian citizen, watching and listening to the nbc radio and television services with a clear conscience," opined Jaeger.

TVL Licence Senior Compliance Officer Kleophas Kwedi, Memory Kakoro and Connie Ramatekoane ready to assist clients for the TV License renewal period

Concluding her call to the TV set owners to renew their TV Licenses, Jaeger added: "We know that most TV set owners in the country are law abiding citizens. Still there are those few individuals who have not renewed their TV licenses and we call upon them to shift to the other side that the law of the land promotes."

The TV License renewal period is from 01 - 30 September 2016 and TV set owners have about 2-weeks to renew their licenses. The TV License renewal points are all nbc offices countrywide, any Nampost branch in the country or any Nictus branch.

As nbc TV License offices are getting ready to receive and assist all nbc clients, systems are being deployed to replace the manual processes being carried out at the moment. Soon all activities within the TV License Department will be automated, to provide every TV License holder the comfort to access his/her account information seamlessly electronic.

The nbc has also announced lucrative prizes to be won by those lucky winners who renew their TV Licenses before the end of September 2016.

TV License fees for the period 2016/17 have remained the same for the different categories.

A normal household pays N\$ 204 per TV set, for businesses N\$ 220 per TV set and the senior citizens and those on government social grants pay N\$ 60 per TV set for the License.

More details can be obtained from the nbc website at www.nbc.na

*Play your part!
Pay your TV License!*

Dear valued client,

The TV License renewal period is from 01 to 30 September 2016.

TV License fees structure for the year has remained the same. Pensioners and those receiving government grand pay N\$ 60.00; Households pay N\$ 204.00 and Businesses pay N\$ 220.00 per annum.

There are great prizes to be won by those who renew their TV Licenses for 2016/17. So hurry, Renew your TV License and win big with nbc.
